IIAEIT PUNE

Aerospace Engineering Colleges in India

IIAEIT – Shaping Future Aerospace Engineers

www.iiaeit.org

About Aerospace Engineering

- Design & development of aircraft & spacecraft
- Covers propulsion, avionics & aerodynamics
- Emerging opportunities in space technology
- Ideal for innovation-driven students

Aerospace Engineering at IIAEIT

- Industry-integrated curriculum
- Practical aerospace project exposure
- Simulation & laboratory-based learning
- Strong technical skill development

Key Advantages

- Specialized aerospace education ecosystem
- Collaboration with aerospace-focused organizations
- Career-oriented engineering programs
- Focus on innovation & applied learning

Placements & Opportunities

- Aerospace & aviation sector career pathways
- Opportunities in airlines & defence companies
- Scope in research & manufacturing industries
- Expanding opportunities in global aerospace sector

IIAEIT – INDIAN INSTITUTE FOR AERONAUTICAL ENGINEERING & INFORMATION TECHNOLOGY

Address : Shastri Campus, Survey No. 85, NDA Road, Shivane, Pune – 411023, Maharashtra, India

Website : www.iiaeitpune.com

Phone : +9198220 13633
